CONSTRUCTION PERMIT INFORMATION SHEET

No person shall perform or authorize Construction or Substantial Improvement within the unincorporated areas of Ellis County without first securing a permit. Substantial Improvement includes a change in occupancy classification involving a change in the purpose or level of activity in a building.

In order to obtain a permit, the following items must be submitted:

1. A completed Building Permit Application.
2. Two complete sets of construction plans for each building, drawn to scale and must include:
 - a) The types of construction materials.
 - b) The location of all exits, the distance between exits, and the exit dimensions.
 - c) The location of any fire alarm equipment, automatic sprinklers, emergency lighting, fire extinguishers, exit signs and smoke detectors required to meet the Fire Code.
3. Two complete sets of site plans indicating the location of the building on the property and the location of any fire hydrants, fire lanes/fire access roads and parking areas.
4. A permit fee (described below) in accordance with Section 8.3, Table I of the Fire Code.

The plans will be reviewed by the Fire Code Official and, if necessary, revisions will be marked up on the plans. Upon approval, the plans will be stamped and one (1) set of plans will be retained at the Fire Marshal's Office. The remaining set must be kept at the construction site. A Building Permit will also be issued and must remain at the construction site and must be visible from the roadway. ***Address numbers assigned by the 911 Coordinator must also be visible and legible from the roadway during the entire construction process.***

When the construction process is completed and the building is ready to be occupied, a "Request for Final Inspection" form must be completed and notarized. Once the form has been received by the Fire Code Official, a final inspection will be scheduled. ***A building cannot be occupied until it has passed a final inspection and received a Certificate of Occupancy and Completion.***

Payable to: Ellis County Treasurer (Cash or Check ONLY)

CONSTRUCTION PERMITS	
BUILDING PERMIT – The fee is based on the valuation of the project	
For projects valued at less than \$100,000 the fee is \$250	
For projects valued at less than \$100,000 and \$200,000 the fee is \$500	
\$200,000 to \$300,000 = \$600	\$601,000 to \$700,000 = \$1300
\$301,000 to \$400,000 = \$800	\$701,000 to \$800,000 = \$1500
\$401,000 to \$500,000 = \$900	\$801,000 to \$900,000 = \$1600
\$501,000 to \$600,000 = \$1100	\$901,000 to \$999,999 = \$1800

For projects valued at \$1,000,000 but less than \$5,000,000 the fee is \$2700 for the first \$1,000,000 plus \$1.00 for every \$1000, or fraction thereof, for the value over \$1,000,000.

The Ellis County Fire Code consists of the 2009 International Fire Code and all its references, and the 2009 NFPA Life & Safety Code 101. If you have any questions, please contact our office at 972-825-5555.

**FIRE CODE
REQUEST FOR FINAL INSPECTION**

I, _____, hereby certify that I am the General Contractor for the below described project. To the best of my knowledge, information and belief, the following construction project was completed in general conformance to the plans and specifications and, in my professional opinion, is in compliance with the Ellis County Fire Code and is ready for Final Inspection by the Fire Code Official.

Project Information

Project Name: _____

Project Address: _____

Permit Number: _____

The Owner of this project is: _____

General Contractor Information

Company Name: _____

Company Address: _____

Contact Person: _____

Phone Number(s) _____

This statement confirms the items addressed on the original and/or as-built plans. If the building has an automatic fire protection system, a completed Inspection Form as promulgated by the State Fire Marshal is attached and completed.

Contractor Signature: _____ Date: _____
